### 3 day service

**hand prints** are required when more than colour and density corrections are needed i.e. dodging/burning etc.

colour matching and density matching of originals cannot be guaranteed in reprints/enlargements due to unavoidable changes in colour in photographic chemistry and materials

we will however, do our best to match originals when they are provided colour matching cannot be guaranteed on prints where the originals are not provided

we recommend ilford XP2, kodak T400CN or fuji neopan 400CN for this service

calculation example: for a 20x28"  
 image on pearl photo paper  
 multiply 20 x 28 = 560 then multiply  
 560 x 0.05 = 28.00 - 20x28" = £28.00
